Experience

○ 03/2024 - Present

Enigma Algo

Co-Founder

Co-founder of Enigma Algo, an algorithmic trading company and introducing broker that sells trading algorithms developed for the MetaTrader platform. Responsibilities include developing, testing, and maintaining algorithms, managing social media accounts, overseeing marketing strategies, and driving product sales. Additionally, involved in client support and ensuring overall business operations run smoothly.

○ 07/2022 - 09/2023

Trive, Istanbul

Trader

Managed company capital and risk exposure by trading FX, commodities, and index CFDs as a key member of the trading desk. Conducted client and trade analyses utilizing fundamental, technical, and quantitative methods to optimize trading strategies and mitigate risks.

○ 06/2021 - 06/2022

Ace Trading, Istanbul

Equity Trader

Executed intraday trading of diverse U.S. stock market securities, specializing in preferred stocks and closed-end funds (CEFs). Analyzed market conditions and trends to make informed trading decisions.

○ 01/2021 - 04/2021

Hewlett Packard Enterprise, Istanbul

Junior Financial Analyst

Responsible for analyzing, reporting, and forecasting company financials for the CERTA region (Central Europe, Russia, Turkey, Africa). Reported directly to the regional manager based in Dubai.

○ 06/2018 - 08/2018

AK Yatırım / AK Investment, Istanbul

Financial Markets Intern

Assisted in analyzing market trends, preparing financial reports, and supporting the trading team with data entry and research tasks. Gained hands-on experience with trading platforms and contributed to daily market updates.

○ 01/2018 - 03/2018

İş Yatırım / İş Investment, Istanbul

Finance Intern

Gained experience in financial markets within the Treasury Department
